OPINION

Plaintiff filed this lawsuit asserting claims of employment discrimination on the basis of sex, disability, and age. This lawsuit is now before the court on the recommendation of the United States Magistrate Judge that defendant's motion for summary judgment should be granted. There are no objections to the recommendation. After an independent and de novo review of the record, and as there is no objection, the court concludes that the magistrate judge's recommendation should be adopted.

An appropriate judgment will be entered.

DONE, this the 6th day of July, 2018.
